Dear Parents,

I am writing to reassure you in light of the recent hoax threatening phone calls to Victorian schools in the last few days.

Our school has not received such a call but I wanted to inform you that, like all schools, we have an Emergency Management Plan in place for situations like this, and we practise it throughout the year.

We held an Emergency Evacuation Drill on Tuesday this week, which was completed very smoothly by all students and Staff.

Those schools which did receive a threatening call enacted their Emergency Management Plans and they worked well.

The safety and wellbeing of our students is always our top priority.

If a need arose whereby we are required to contact all parents in an emergency situation, our first method of contact would be via the Tiqbiz App, as this would reach many families quickly.

Therefore I encourage all families to ensure they have the Tiqbiz App working on their mobile device. The details for Tiqbiz and how to download the App on to your device are included overleaf. Many families have already done this as we also communicate newsletters via this method, but if you haven’t already done so I urge you to get this form of communication up and running.

If you have any questions please contact me.

Kind Regards,

Cory Pearce
Principal
