

**Autobahn Term 1 Outdoor Space Designs**

Many designs for outdoor spaces were submitted by our Autobahn students earlier this year to complement our fantastic new buildings and after consideration by School Council I am happy to say that we have been able to include the vast majority of the designs in our outdoor landscape. You should see things starting to pop up shortly in the grounds or you can view the full layout in the foyer of the Blue Building.

Thanks to all the kids for their inspired and creative ideas.
