

District Athletics

On Monday I headed down to the Knox Athletics Track where some of our Year 3-6 students competed in the District Athletics competition with neighbourhood primary schools. Our students competed enthusiastically with many of them placing or winning events in the few hours that I spent down there. Overall results had our school place 3rd out of 10 schools. Congratulations and well done to all, including all the parents and staff who stood out in the cold to support. A special thank you to Lara who coordinated our team for the day.

Students who have qualified after winning events yesterday will compete in the next round of athletics competition on Tuesday 6th October at Knox Athletics Track.
